

BUILDING SURVEYS

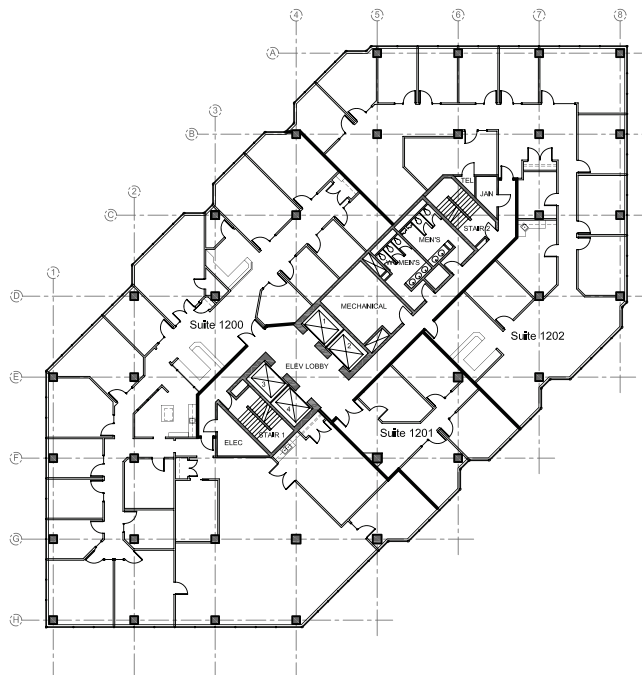

LASER ACCURATE FLOOR PLANS

AREA CERTIFICATIONS

LEASE PLANS

Recognize the full value of your properties with complete and accurate floor plans.

PLANS FOR:

- LEASING
- MARKETING
- APPRAISALS
- DUE DILIGENCE
- AREA MANAGEMENT
- DESIGN
- EMERGENCY / SAFETY PLAN

KEY SERVICES

- measure entire buildings or individual suites
- create accurate floor plans
- BOMA / Area analysis of usable and rentable areas
- verification and certification of areas
- property asset management

OTHER SERVICES

- client website database for access and distribution of plans
- space planning and interior design services
- contract construction drawings

Using laser measuring devices, we survey buildings or sections of buildings and convert the data into CAD base drawing files. These detailed area measurements bring owners and property managers up to date on their holdings and make it easy to identify the full value of their properties. Our Building Survey services range from simple, single suite area certifications, to full building surveys.

Visit our website for our full range of services.
